To Whom It May Concern:

Design Guidelines for Ponticello have been modified in the past to include 2x6 construction for exterior walls. In addition, requirement for solar panels are encouraged but are not required. The Design Guidelines were modified in the past to acknowledge these changes, but that version of the DG's seem to be misplaced and need re-amendment. Until such time, please use this letter as formal authority to design and construct with 2x6 construction and no solar panels.

We look forward to your new construction project and having you as a resident of Ponticello!

Sincerely,

A handwritten signature in black ink, appearing to read 'C. John Schoof II', written over a circular stamp or seal.

C. John Schoof II
President
